

Our most popular school program is now available virtually!

All Historic Philadelphia programs are based on our mission of offering authentic history, and grounded in education and unique interpretive programming.

YOUR VIRTUAL PACKAGE INCLUDES:

Betsy Ross House

Take a tour of the home of America's most famous flag maker, without leaving your classroom! Follow Betsy through her house as she tells stories about her meeting with George Washington, her risky experience sewing the flag, and the other upholstery work she did throughout her life. Your virtual tour will begin in front of the house as Betsy welcomes you to her home and takes you inside to view her upholstery shop, parlor, and bed chamber.

Story Stroll

How do you get from the 1680s to today in just three city blocks? Find out as our award-winning Storytellers take you on a journey through Historic Philadelphia. Students will learn about religious tolerance, patriotism, equality, and standing up for what you believe in through interactive, educational stories about revolutionary figures like William Penn, James Forten, Caroline LeCount, and Susan B. Anthony. During the stroll, historic sites come to life as students get to see and hear stories in the places where history was made.

Arch Street Meeting House

Learn about the Quaker history of Philadelphia at arguably the most important Quaker site in the world. The video tour explores the history of the burial ground, historic West Room and Arch Street's modern history. A self-guided, 360-degree tour of the site is also included.

Curricular Materials

Receive an online folder of materials and activities, designed by educators, connected to Common Core standards, and flexible to be completed before or after your virtual field trip.

PRICING & INFORMATION

Rate: \$150 per booking

Group Maximum: 50 people

Duration: Betsy Ross House - 25 minutes

Story Stroll - 35 minutes

Arch Street Meeting House - 15 minutes
